COMPANY OVERVIEW

Divinebase Incorporated dba Orca Intelligence, an 8(a), EDWOSB, was founded in 2014, to provide an approach for **agency efficiency** to build a framework designed to underpin innovations and digital transformation for Non-Profit leaders, Procurement Officers and IT Decision Makers. We provide **Digital Transformation and Innovation Services**, Enterprise Architecture, Data Analytics, **Emerging Technology Strategy and Vendor Management** ensuring strategic alignment, enhanced operational efficiency, and continuous innovation across organizations.

OUR SERVICES

Enterprise Architecture

- Modeling current and future states
- Creating IT system roadmaps
- Release Planning and Sprint Planning
- Network and Cybersecurity Infrastructure

Emerging Technology Strategy

- Define a strategy to Adopt AI
- Create a digital transformation roadmap to utilize AI and other emerging technologies

Digital Transformation and Innovation Services

- Helps organizations update legacy systems and processes.
- Drives ongoing enhancements in operations and strategy.
- Designs solutions specific to each organization's goals and challenges.

Data Analytics and Architecture

- Facilitate requirements discovery sessions using an accelerated process.
- Data Conversions and Migrations

Vendor Procurement Management

- Proof of concept research and prototyping
- Vendor Analysis and Evaluation

DIFFERENTIATORS

Our proprietary tool **Swiftly**® uses the power of Artificial Intelligence to generate detailed requirements. We empower Business Analysts with Swiftly® to make gathering requirements efficient and completed with quality.

In minutes, Swiftly predicts the following:

- Epics
- Features
- User stories
- Data Elements
- Tasks
- Users
- Validation messages
- Relate user stories
- Wireframes
- Export file

Swiftly seamlessly associates

- User Role Matrix
- Related user story
- Traceability Matrix
- Analysis Matrix
- NIST 800.171 Requirements
- Electronic Code of Federal Regulations (eCFR)
- State, Local and Corporate Regulations

OUR ROI TO CUSTOMERS

- 82% project delivery rate, producing clear and concise requirements while maintaining scope, budget and schedule.
- Saving most recent client \$670,000 for a project originally estimated at \$950,000.

PAST PERFORMANCE

District of Columbia Department of Employment Services

Problem: Bloated digital transformation costs for data conversions, low code solution implementation, system integrations and modernization projects. Issues with projects taking longer than expected.

Solution: Autogenerate requirements for solicitations and management of development efforts using Swiftly.

Outcome: Decreased the time to clearly define requirements and identify solution architecture by 45%. Saved the agency \$670K in fiscal year. 2024-2025. Reducing the time for stakeholder analysis by 70%.
